Have your personal Office with you all the time.

Beginning with iPhone Software 2.0, your iPhone and iPad supports our AirSync Technology 100%. Synchronisation of Mail, Calendar and Contacts via WLAN or worldwide via your mobile provider is effortless and fast. Keep your PC, Mac, Linux computers up to date and synchronised. Always.

Secure, encrypted, easy.

Entering an appointment while on the road makes it available on your PC or Mac immediately - online, fast and easy. You'll never again have to worry about missing entries in different address books, calendars etc. From now on you can access your data from anywhere in the world: Mailbox storage up to 50GB
. Where else do you get that?

Important: Contrary to many competitors, we completely and without limitations do support Apple Mac-, Windows- und Linux-computers! And you can keep data synchronised between these platforms as well - easily and automatically.

Due to numerous requests: Our new server software - online now - can synchronise multiple Calendars and Contacts groups
. They even have separate colors to easily distinguish them. Great! Now brand new: You can even

see shared calendars from other users

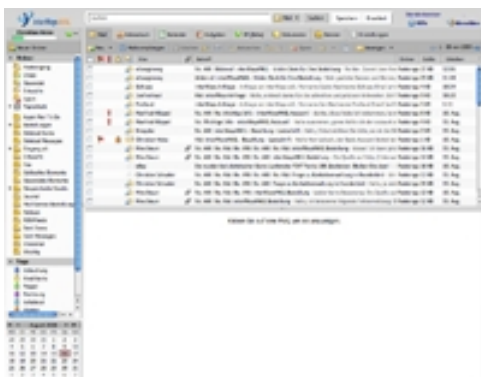

on your iPhone/iPad! That's especially important for businesses and teams...

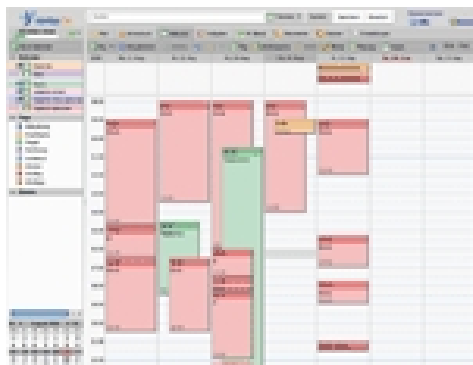

NEW: Now you can view and **edit documents directly from your iPhone and iPad!** You can even edit Word documents, PDF files, ... while on the go using interWaysMAIL and your iPhone/iPad.

*

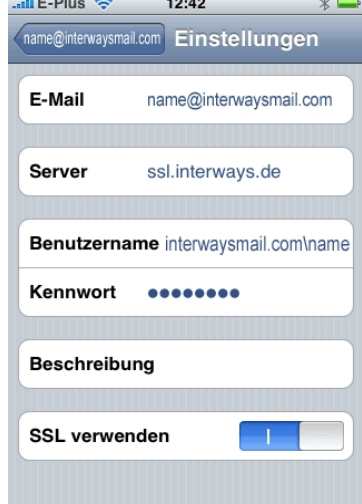

Our new AccuEco technology lets your iPhone's battery last up to 80% longer compared to other Push-technologies.

Try us, we offer all that and much more; Email is just the beginning. Mobile documents, calendar access for friends, family or business, Instant Messaging, Apple iSync synchronisation for Mail, Contacts and Calendar, Linux support, complete Outlook integration, etc...

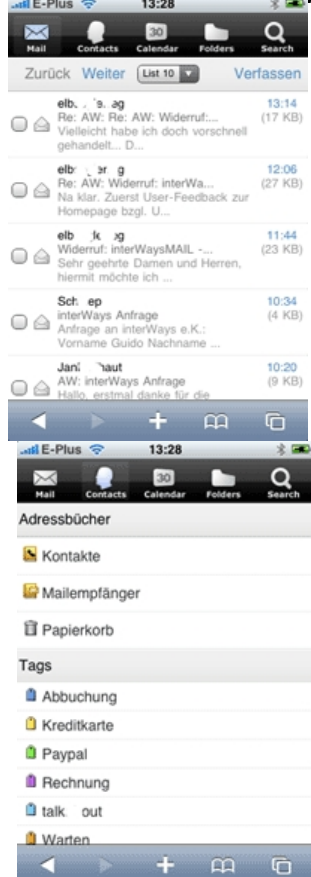

With interWaysMAIL, you can access your emails, calendars and contacts from all your mobile devices. You can also use the interWaysMAIL app to send emails, create new documents or manage your contacts.

With interWaysMAIL, you can access your emails, calendars and contacts from all your mobile devices.

Windows Mobile Smartphones, most Blackberry
